MOJAVE

(Pronounced Ma-hav-ee)

Winner of the only 1954 All-America Award for a hybrid tea. Introduced by Armstrong Nursery, Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset—glowing orange shot with flame-like tones of scarlet and vermillion. Mojave produces beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. Mojave is a rose that everyone will want to grow because of its vigorous nature. We can promise you that Mojave is one variety which will shine in your garden not only for its good color but for its all around good garden performance. Pat. No. 1176.

\$3.00 each, 3 for \$7.95

FLORI-TEA ROSE DEAN COLLINS

"The Lazy Gardener's Rose"

(Patent Applied for)

Spiraea-red buds open to full, double, long lasting blooms of luminous rose-opal and carmine. Blooms throughout the growing season. Proven very hardy in testing gardens throughout the country.

\$2.50 each

GARDEN OF DISTINCTION with

**IT'S EASY TO ORDER
FROM STANEK'S
NO RED TAPE**

Staneck's
**"Sunny Spokane
Nursery Stock"**

AND HERE IS HOW YOU DO IT

1. **BY MAIL.** Pick out the items you wish and jot them down on the handy order blank in the middle of this catalog. Enclose your remittance (check or money order if possible) and the mailman will bring your order direct to your door.
2. **BY PHONE.** Call our nursery at KEystone 5167. We will be more than happy to help you in your selections and deliver them direct to your door.

3. **BY PERSONAL VISIT.** We can give you the best service by having you visit our nursery at E. 2929 29th Ave., where you may pick out your stock personally and either take it with you or make arrangements to have it delivered.

Regardless of which way you order from us, you can rest assured that you will receive the finest nursery stock that is grown and prices that are consistent with good quality. If you are a new customer, a trial order will convince you.

**PLEASE READ BEFORE
ORDERING**

HOW WE DO BUSINESS

**PLEASE READ BEFORE
ORDERING**

GUARANTEE—We guarantee our stock to be true to name and to grow if proper care is given. If any stock purchased fails to start growing after being properly planted and cared for, we will replace free of charge. This free replacement policy does not include any transportation charges and must be borne by the customer. Any claims for adjustments must be made with us on or before July 1st on purchases made the preceding fall or spring. When making claims, it is necessary that you either send us the order number if you received it by mail or present your sales slip if purchased direct at our nursery. In no event will we be liable for more than the original purchase price.

DELIVERY—No charge for local delivery in City of Spokane or Spokane Valley on orders for \$3.00 or more. We are always glad to take your order by phone or mail and make delivery on day you specify.

SALES TAX—If you live and order from the State of Washington, please enclose 3% state sales tax. No sales tax for people who order from other states.

SPECIAL OFFERS AND SUBSTITUTIONS—In all special offers listed in this catalog, we reserve the right to substitute with varieties of equal or greater value when necessary. All "3 for" prices in this catalog apply only on orders to be shipped at one time to one address. Please note the special space provided on the order blank for substitutions. If you check "no", we will not substitute unless it is a special offer. If you check "yes", we will, if necessary, substitute to the best of our ability and you can be assured that you will have equal value for any money sent to us and in most cases more. If you do not check either "yes" or "no", we will use our own judgment at time of shipment with the understanding that you have given us your order in that manner.

SHIPMENT and PRICES—All of the stock listed in this catalog is for availability during the spring of 1954 and the prices quoted are subject to change at any time without notice. On all orders that permit us to ship through the mails, we prepay the postage. On orders for stock that are too large for mailing regulations, we send via express or Auto Freight at purchaser's expense. Due to the increased costs of labor and packing material, please add 10% to your order for packing charges.

FREE PREMIUM OFFER

If your order amounts to \$5.00 or more and post-marked prior to March 1st, please write in one of the following free items on your order blank.

1. Two Painted Daisies
(catalog value, \$1.50)
2. One Virginals Mockorange, 18-24 in.
(catalog value, \$1.25)
3. Two Shasta Daisies
(catalog value, \$1.50)
4. Twelve Streamliner Strawberries

MARCH 1st
and include remittance**

(ATTENTION: SPOKANE RESIDENTS. You may take advantage of this offer by phoning your order to us and sending remittance prior to March 1st.)

The Newer EVERBLOOMING ROSES

RED FAVORITES

CHARLES MALLERIN. Dark crimson velvet. One of our finest dark red roses. Very velvety and has outstanding substance. One of our favorites. Pat. 933. \$2.50 each.

CHARLOTTE ARMSTRONG. The originators of this rose, calls it "Queen of Them All," and well it may be. Winner of the sole 1941 AARS award. Its long, slender, cerise buds and magnificent open flowers make it very popular. Fine for cutting and a consistent show winner. Pat. 455. \$2.25 each. Illustrated inside back cover.

CHRYSLER IMPERIAL. 1953 All-America Winner. Vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like lustre of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 to 50 petals. Flowers are sweetly scented with a true rose fragrance. An ideal red exhibition rose. Illustrated on Page 31. Pat. 1167. \$2.75 each.

DETROITER. Symbolic of America's "motor city", Detrotier is vibrant and alive with color. Rich carmine-red buds that open slowly to huge high-centered bloom of deep red. A stablemate of New Yorker and other roses to come that will be named after American cities. P.A.F. \$2.50 each.

ENA HARKNESS. A grand new English rose that we recommend as the finest rose listed in this catalog regardless of price. It's a vivid, poinsettia-like scarlet with no fading, bluing or burning. A very pronounced fragrance. Good shaped bush with disease-free foliage. An absolute "must" for every garden. You'll be hearing a lot about this rose in the next few years. Illustrated on Page 2. \$1.50 each.

NEW YORKER. Called by the originator as "The Best Red Rose of all Time." While we don't exactly agree with him, New Yorker is worth a place in any garden—even two or three of them if you like an enormous red rose that stays red until the last petals wither and fall. 3 ft. Pat. 823. \$2.00 each.

NOCTURNE. Back in our list of red roses again after an absence of two years. Long slender buds of bright cardinal red with darker shadings open to substantial fragrant blooms. Very vigorous, tall upright habit of growth. Fragrant. Has a tendency to mildew for us if not sprayed regularly. Pat. 713. \$2.00 each.

WHITE FAVORITES

SLEIGH BELLS. A new white rose that seems to be gaining in popularity. Lemon at the base with just a touch of pink sometimes. A good vigorous plant and plenty of clean foliage. Pat. 1004. \$2.00 each.

WHITE SWAN. There is nothing any prettier or purer than a white rose nestled in dark green foliage. White Swan is pure white and has the dark green foliage. The form is so perfect that it could easily give McGredy's Ivory a run for the money in any rose show. Our quantities will be limited. Pat. 1115. \$2.25 each.

WHITE WINGS. Somebody once said that simplicity is perfection in art. In White Wings, a single white, we have that simplicity. Lots of people call this the "White Dainty Bess". A most unusual rose for flower arrangements. Pat. 850. \$1.75 each.

TWO-TONE FAVORITES

CONFIDENCE. Originated by the man who gave us Peace. At certain times during the season, this rose has the coloring of the Peace. Each petal is a yellow-gold at the base turning to a dark pink on the outer edge. We have watched this rose in the various test gardens and when they said it was the "Most Beautiful Rose of France" they did not do it any injustice. Seems to be suited perfectly for our Inland Empire climate. We would call it our favorite blend rose. P.A.F. \$2.00 each.

NEW!!

NEW!!

DEAN COLLINS. (The Lazy Gardener's Rose) Dean Collins is the first in a new strain of roses—the Flori-Tea; a cross of Charlotte Armstrong (Hybrid Tea) and Floradora (Floribunda), both All-America winners. Charlotte Armstrong and Floradora were both excellent roses so with their blood in Dean Collins you know what you can expect.

The Spirea-red buds open to full, double, long lasting blooms of rose opal and carmine. The plants are vigorous and upright, with glossy dark, dark green, disease resistant foliage. Here is really a "toughy" rose that will perform beautifully with very little care—truly a lazy gardener's rose. Illustrated on Page 2. P.A.F. \$2.50 each.

FORTY-NINER. One of the most brilliant of all bi-color roses and certainly one of the most attractive. Vivid red with straw yellow on the reverse. Vigorous plants with very nice foliage. Pat. 792. \$2.50 each.

FRED EDMUND'S. Beautifully shaped orange colored buds open to apricot orange flowers. Green glossy foliage. 2½ ft. \$2.00.

NEW!!

NEW!!

MOJAVE. Illustrated on our cover this year. Winner of the only 1954 All-America Award for a Hybrid Tea. Introduced by Armstrong's Nursery, Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset — glowing orange shot with flame-like tones of scarlet and vermillion.

Next to color, the outstanding feature of Mojave is the amazing number of long-stemmed buds it produces—beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. The exquisite bud form is inherited from Mojave's famous parent, Charlotte Armstrong, and like the buds of Charlotte Armstrong these are nearly always borne singly on long stout stems. They are marvelous for cutting.

Mojave is a rose that everyone will want to grow because of its vigorous nature. We can promise you that Mojave is one variety which will shine in your garden not only for its good color but for its all around good garden performance. Pat. 1176. \$3.00 each.

MME. HENRI GUILLOT. Don't let the name trip you up; just call it "Madam Henry" like we do. Foliage very leathery like Peace. Blooms of water-melon to raspberry pink with gold base. Pat. 337. \$2.00 each.

More NEW Roses

PINK FAVORITES

DR. DEBAT. Not unlike The Doctor. Long pointed buds and perfect flowers of rather deep pink, nearly as large as a peony. Fragrance and petals of good substance will make this one of the new leading exhibition roses in the pink class. The bloom is a little too large for our taste but will appeal to many who like their rose blooms large. Pat. 961. \$2.00 each.

FIRST LOVE. This is sure to be the "First Love" in your garden if you enjoy sensational buds—and who doesn't. Urn-shaped, long and slender down pink buds that simply steal your heart. The open flowers are lovely, too, with each delicate pink petal gracefully pointed. We wish we had room in this catalog to show you an illustrated cut. 3 ft. Pat. 921. \$2.25 each.

HELEN TRAUBEL. Easily the outstanding new rose of 1952. We do not recall of one complaint to reach us on this rose. In all the people we have talked to and the letters we have received, it has been highly praised. This new Armstrong rose is the best since Charlotte Armstrong. Pat. No. 1028. \$2.75 each. Illustrated inside back cover.

MARY MARGARET McBRIDE. Deep coral-pink buds that slowly open to a large double, high-centered bloom with shimmering gold at each petal base. Although this rose is now 10 years old, having won the All-America honor in 1943, we still have repeated calls for it. We like its fragrance the best of all. Medium height grower. Pat. 537. \$1.75 each.

TALLYHO. Back on our list again after an absence of several years. While many roses are of real merit, it is impossible for us to list them all. Tallyho has a color that is pleasingly different. Inside, the petals are a delightful shade of pink or old rose, while on the reverse side they are brilliant crimson. Somewhat on the border line between red and pink. Excellent buds that open to a magnificent, large, high-centered fully double flower with a spicy fragrance. Pat. 828. \$2.00 each.

STANEK'S "SUNNY SPOKANE" ROSE FOOD

FAST ACTING! LASTS LONGER!
EASY TO USE!

Anyone can grow perfect roses with our new formula "SUNNY SPOKANE" rose food. Good happy, healthy roses require a liberal supply of balanced rose fertilizer. Put your roses on the road to health this season with a rose food that has been designed especially for us by rose and soil experts. "Sunny Spokane" food is a quick stimulant—a small quantity will provide wonders with bigger, healthier blooms and plants. ECONOMICAL TOO! Only two tablespoons per plant three times each growing season.

5 lbs. Feeds 7 plants for one season. \$1.25.

25 lbs. Feeds 35 plants for one season. \$4.75.

YELLOW FAVORITES

BUCCANEER. Illustrated inside back cover. A new yellow introduced last year by Armstrong Nurseries. It is hard for us to decide whether we like this rose or Sun Valley for a yellow favorite, so we will say if you want a tall yellow rose for planting in the background, choose Buccaneer. If it is for planting where you want a medium height bush, take Sun Valley. Buccaneer has excellent foliage which covers the plant from top to bottom, unusual in a tall grower. Very moderate fragrance and does not fade. Pat. 1119. \$2.75 each.

CHIEF SEATTLE. Buff apricot in color, the petals are fluted or ruffled. The bed of this variety in Manito Park didn't have to take a back seat to any other rose. A much better rose than Fred Howard which won the 1952 AARS award, we couldn't understand how the All-America Rose Selections could choose Fred Howard over Chief Seattle. Chief Seattle is borne on long straight stems with perfect olive green foliage. Does very well in both hot and cool weather. 3-4 ft. Pat. 1030. \$2.50 each.

LOWELL THOMAS. We still keep this rose as our favorite pure yellow that does not fade too much. It seems to do well in all parts of the country. The only complaint that we had is the weak plant but this can easily be remedied by a little Sunny Spokane Plant Food. Good stems that have excellent foliage. 2½ ft. Pat. 595. \$2.00 each.

PEACE. If you were to have one rose in your garden, we would say that this was it. A consistent prize-winner. Perhaps the chief beauty of this rose is the great range of colors through which it passes. The large ovoid shape bud emerges to a fully 5 inch bloom with shades of canary yellow, pale gold, cream, pearly white and apple blossom pink. The color also varies with the season. It seems that no two plants produce the same color of blooms—each one a little different. The very best of foliage on a very strong plant. Pat. 591. 3-4 ft. \$2.50 each. Illustrated inside back cover.

NEW!

NEW!

SUN VALLEY. A brand new rose from California named after the famous resort, Sun Valley, Idaho. The bloom is of the deepest, golden yellow of any rose that we know. The perfect glossy green foliage is a perfect background for the golden blooms. Flowers are fully double with some fragrance. Medium height and disease resistant. You couldn't ask for much more to have a good yellow rose. P.A.F. \$2.50 each.

SUTTER'S GOLD. This rose has won about every award, both on the Continent and U. S. Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Foliage is excellent. Sometimes mistaken in the fading flower for Peace. We like this rose very much and recommend it. 3 ft. Pat. 885. \$2.25 each.

TAWNY GOLD. In our estimation, the outstanding quality of this rose is the ability of the flower to hold up for a long time on both the bush and when cut. Very, very fragrant. Deep gold in color, the petals have fluted or frilled edge which adds much to the charm of the open flower. In the test gardens, it has never been over 2½ ft. tall. Pat. 950. \$2.25 each.

Roses that Bloom *Floribunda Roses*

Roses that Satisfy

CARROUSEL. Too bad that this rose has not received the publicity it deserves. We think it will rate as one of the "All-time" roses. The non-fading blooms and excellent foliage makes it ideal for a hedge. The blooms are large and drop very cleanly making room for the newly open crimson buds. The color is called "Indian Lake" red. The American Rose Society "Proof of the Pudding" rates this rose as 9.1, which is just about as high as any rose could score. While we have listed Dean Collins as the first of the new race of roses, Flori-Tea, Carrousel undoubtedly belongs in this same class, and will probably be recognized as first. Pat. 1066. \$2.00 each.

FASHION. One of the top floribundas being planted today. We do not know of anybody that is not enthralled by its fascination. Oriental red buds that are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. If you have one, you will want more. No illustration of this rose can do it justice. Plant three Fashion this spring and if you can honestly tell us that you don't like it, we will be glad to refund your money—that's the way we feel about this rose. Illustrated inside front cover. Pat. 789. \$2.00 each.

ELSE POULSEN. We are again listing this rose because of the repeated calls for it. Not unlike Betty Prior. Bright, rose pink. Semidouble and lasting. Used considerably for hedges. \$1.35 each.

NEW!

NEW!

FROLIC. We would match Frolic with any other rose as to abundance and continuous bloom throughout the season. There is no other rose that will give you more flowers for your money. The clear bright pink blooms come in large clusters and usually cover the plant from top to toe. The perfectly bright green foliage on a well-rounded plant would make it ideal either for planting by itself or in a hedge. Growth about 3 ft. Pat. 1179. \$2.25 each.

Here's Why Floribunda Roses Are So Popular!

- foundation plantings and with evergreens and other flowers.
- Require very little care! Rugged, hardy, vigorous and disease-resistant.
- They give you more color, more blooms, more growth than any other flower!
- Also lovely in flower arrangements, as boutonnieres and corsages.

NEW!

NEW!

EMBERS. When you see it, you will know why they called it "Embers". The color is so brilliant that the only place you've seen its equal is in the burning glow of a red hot coal. Fairly large growing-up to 4 feet which would make it ideal for a hedge. Not as heavy a bloomer as Frolic but will produce plenty of vivid long-lasting flowers continuously throughout the growing season. It does have one fault in that it does not drop its petals too cleanly. Pat. 1178. \$2.25 each.

IRENE OF DENMARK. Without a doubt the best white floribunda to date. This rose does not have that fault of other white floribundas by being a little bit dirty looking all the time. It probably washes its face with the morning dew. Pat. 889. \$2.00 each.

GLACIER. Because Irene of Denmark grew too high for some people desiring a good white Floribunda, we have added Glacier to our list this year. Icy-white buds that open to large 4 inch blooms of snow white. Very bushy and branched growing and never over 2½ ft. in height. Pat. 1025. \$2.25 each.

BETTY PRIOR . . . Color All Season!

Most Persistent Bloomer of All!

Constantly a Mass of Pink Blooms

One of the finest floribundas for either massing or hedge work. Outside of petals dark carmine, inside several shades lighter. Flowers resemble those of the pink dogwood. 3-5 ft. Pat. 340. \$1.50 each.

MORE COLOR!

GARNETTE. Although used extensively as a greenhouse rose for some years, it was new to outside gardens last year. We do not know of any other rose that will hold up as well when cut. Its red "sweet-heart" sized flowers will delight anybody who delights in flower arranging. This gem also has crinkled holly-type foliage. Be sure to plant it in front as its height is seldom over 18 inches. \$1.75 each.

INDEPENDENCE. We do not know of any other rose that has this color. Sort of a firecracker red from which it probably got its name. Very large flowers of 3 inches or more that usually come in clusters of at least 4 to a stem. About 2½ feet in height on a very compact plant. Does not fade in the sun and has a moderate old time rose fragrance. Pat. 1036. \$2.25 each.

GOLDILOCKS. Our best yellow floribunda. Quite low in growing habits—about 2 ft. tall. Buds are ovoid with a reddish tinge. Bloom of sulphur yellow that lasts well when cut. Pat. 672. \$1.50 each.

NEW!

NEW!

LILIBET. 1954 All-American Floribunda Winner. Named in honor of Her Majesty, Queen Elizabeth II (it was her childhood name). This dainty new floribunda features flowers of light rose pink in the bud to a soft dawn pink in the fully open flower. It grows about 2 to 3 ft. in height, making it fine for a low hedge or as a single specimen. The plant is very sturdy, symmetrical and rounded, with glossy luxuriant foliage. Flowers continuously throughout the summer. Illustrated on page 2. P.A.F. \$2.50 each; 3 for \$6.60.

MA PERKINS. All-America Winner for 1953. Buds of translucent coral that open to 3½ in. flowers of soft glowing coral shell pink. Very fragrant. We do not think it as good as Fashion or Vogue but worth a place in any garden. Pat. 1143. \$2.25 each.

MARGO KOSTER. Listed again for the flower-arrangers who seem to use this rose very frequently in arrangements. Low growing. Orangy-pink ranunculus-type bloom. \$1.50.

PINKIE. Dainty little pink buds that open to a flower of about 2 inches across. Very nice for cutting and use in arrangements. 1½-2 ft. Pat. 712. \$1.75 each.

POULSEN'S BEDDER. Another rose in long Poulsen string. Very aptly named because it does make a good bedding rose. Single pink blooms not unlike Betty Prior, only ruffled. We like it very much. Pat. Pending. \$1.50 each.

THE SPOKANE ROSE SOCIETY

If you live in the Spokane vicinity and are interested in growing better roses, why not join the Spokane Rose Society. Interesting meetings are held once a month and the dues are low compared to value received. For more information, contact Mrs. Bonnie Emch, E. 921 Liberty Ave., Spokane, Washington. Phone No. HUDson 2252.

PINOCCHIO. The first of the Pinocchio family. Pink that is suffused with salmon. Excellent for cutting and mass display. Pat. 484. 3 ft. \$1.50 each.

RED PINOCCHIO. The ever popular Pinocchio in a rich glowing red. Fragrant. 2½ ft. Pat. 812. \$1.50 each.

YELLOW PINOCCHIO. Newest member of the Pinocchio family. Masses of bloom in apricot-yellow that literally cover the plant. 3 ft. Pat. 992. \$1.50 each.

MASQUERADE. A sensational riot of every color in the rainbow on one plant at the same time. Each bud is golden yellow with tiny vermillion marks. As the flowers open, each one changes from yellow to silver to pink to red. Each cluster will give you a full bouquet. 2½ ft. Pat. 975. \$2.00 each.

PERMANENT WAVE. Due to our customers continuously asking for this rose, we are listing it again this year. It always seems to find itself with a blue ribbon at our own Spokane Rose Show. Delightfully crinkled and luted edges of each petal give this rose its name. Cochineal-red with inside a shade lighter. Our weather conditions in the Inland Empire has a habit of making it more of a pinkish red. Pat. 107. \$1.50 each.

PYGMY RED and GOLD. New type of floribunda rose that does not grow over 1 ft. tall. Lovely for borders in front of your other roses. We have seen them used very effectively for edging walks and perennial borders. The dark shiny foliage makes a pleasing contrast to either the red or yellow blooms. Please state on the order blank your preference in color. P.A.F. \$1.50 each.

ROSE ELFE. Miniature-like hybrid tea flowers that are silvery rose pink in color. The gardenia-shaped flowers are on this plant continually. Too bad that this dainty little rose is not planted more, it could easily become a favorite of everybody. 2½ ft. \$1.50 each.

VALENTINE. A new floribunda that we listed for the first time this past year. Valentine was easily one of the "most commented about" roses in our own field this past summer. Never without bloom, this 18 inch high, rich dazzling red, semi-double floribunda, really took the "Ohs" and "Ahs". To give your garden a splash of color, Valentine will do it. Pat. 1029. \$2.00 each.

VOGUE. Illustrated on page 2. Vogue is bright, gay, coral cherry in color. With its vigorous wealth of bloom, it will be one of the finest roses in your garden. Add to this the exquisite form of both the bud and open flower, and you will see why we didn't have enough to go around last year. Very fragrant and disease resistant foliage. Plant 3 VOGUE this spring and we will guarantee you one of the finest shows you have ever had. Pat. 926. \$2.25 each; 3 for \$6.00.

NEW EVERBLOOMING

GUARANTEED BY US TO BLOOM IN
JUNE, JULY, AUGUST AND
SEPTEMBER.

Now you can have America's favorite red climber in this new everblooming improved strain. We don't have to tell you how popular the old Blaze has been and this new improved Blaze will bloom more continuously and give you color all summer. We know this is what you have been waiting for. Imagine 2-3 in. red flowers in clusters that will keep coming all summer. \$1.75 each.

SPECIAL BLAZE AND TRELLIS OFFER No. 8

1 New Everblooming Blaze
and

1 Painted Cedar Trellis

**A \$5.00 value
Only.....**

\$4.25

For shipping purposes, trellis is sent unassembled. All material and directions for assembling are included in kit.

SHRUB ROSES

These shrub roses are particularly valuable for hardiness and ability to thrive under adverse conditions of soil and climate, withstanding almost anything. We use them in shrub borders and for straight hedges.

AUSTRIAN COPPER. Single, brilliant orange-red.

HANSA. Double red flowers of large size.

HUGONIS. Light yellow. Often called "Golden Rose of China."

PINK GROOTENDORST. Small carnation-like pink flowers in clusters.

RUGOSA RUBRA. Large single flowers of pink and magenta.

MANDARIN. Both Gay Heart and this rose are called Park Roses by the originators, Jackson and Perkins Co. We are listing them under shrub roses because they would be primarily used as a shrub. Mandarin is ox-blood-red in color with large clusters of 4 inch flowers. Use them in with other flowering shrubs. Their continuous bloom will give your shrub border life throughout the summer months. Height at least 4 ft. Pat. 1040. \$2.00 each.

GAY HEART. Bright pink, 4-5 inch flowers produced in large clusters. Like Mandarin, Gay Heart will grow 4 ft. or better. Both of them grow and bloom like floribundas, yet produce fragrant Hybrid-Tea size blooms all season long. One of the most impressing rose hedges that we have encountered in some time was in one of our customer's yard in Idaho in which this rose was used. Pat. 1026. \$2.00 each.

MINIATURE ROSES

FROSTY. New. Pure white.

CUTIE. New. Deep Pink.

CENTENNIAL MISS. New. Deep red.

MINIATURE ROSES

1 of each of the 3 miniature roses
listed to start your
"Fairy" garden Only **\$3.25**

THREE NEW J & P EVERBLOOMING CLIMBERS TO HIGHLIGHT YOUR GARDEN

PARADE. A new everblooming rose introduced by Jackson & Perkins in 1953. We have not seen it in bloom that we know of so can only give you a description as we had it given to us. Said to have large flowers, 4 to 5 inches across, of light rose in color, and spicy. Excellent dark green, disease resistant foliage. Parade grows very easily and will thrive in semi-shade as well as full sunlight, producing a very heavy spring and fall bloom and intermittent between. P.A.F. \$2.50 each.

PINK CLOUD. Another climber similar in habit to its parent, New Dawn. Glowing rich deep pink in color, each flower is fully double and up to 3 inches across. Blooms come in clusters from spring till late summer. We have noted several plants that attained a height of 10 feet in the first growing season. Both this rose and Coral Dawn are very hardy like New Dawn and for our normal winters, no protection is needed. Pat. 1140. \$2.50 each.

CORAL DAWN. Similar in habit to its parent, New Dawn. Coral pink in color. Everblooming from late spring until frost. Pat. 1117. \$2.50 each.

TREE ROSES FOR "Eye-Level" BEAUTY

We have the following 3 varieties to offer this season:

CHRYSLER IMPERIAL. Deep red.

HELEN TRAUBEL. Two-tone pink.

PEACE. Yellow and pink.

\$6.50 each; 2 for \$12.00 (No. 1 heads)

MOSS ROSES

(For Lovers of the Historical Old Mosses)

Red Moss. Large reddish rose; buds and flowers heavily mossed.

Pink Moss. Deep pink buds, surrounded with a mossy fringe and crest.

White Moss. Large double, fragrant, pure white.

Yellow Moss. Peachy-yellow; sepals well mossed; fragrant; cluster of 3-5 on long stems; vigorous.

\$2.25 each; 3 for \$6.00

Climbing Roses For A Riot of Color!

ON TRELLISES,
ARBORS AND FENCES

HARDY!

VIGOROUS!

ALOHA. Deep rose-pink blooms of enormous size that defies description. We believe this climber to be far more superior in both bloom and climbing habits than the old rose, Dr. J. H. Nicolas. One of our few good everblooming climbers. Pat. No. 948. \$2.50 each.

BILLY BOILER. Perhaps this variety has the most perfect non-fading blooms of any red climber. A very robust plant that grows to at least 14 ft. and produces deep blackish red blooms on long stems, perfect for cutting. Very fragrant. \$2.00 each.

BLAZE. One of our most popular red climbers of today. You will see it everywhere in the month of June with its double red clusters. \$1.50 each.

CL. CRIMSON GLORY. Everybody is familiar with the bush Crimson Glory and this is just the same. While it is not as prolific as the bush form, we believe its bloom is more perfect, if possible. Pat. No. 736. \$2.00 each.

CL. TALISMAN. Same as bush rose. Red, gold and yellow. \$1.50 each.

CL. PEACE. Cl. sport of the ever-popular Peace bush rose. Most people report finer blooms on the climber. Pat. 932. \$2.50 each.

CL. PINKIE. A new Cl. floribunda with the same type blooms as the bush. A very compact 6-8 ft. climber that no doubt will find a place in your yard where the ordinary climber would be too rampant. The glossy green luxuriant is almost hidden completely by the clouds of pink bloom. Best of all it doesn't stop with the first blooms but keeps producing cluster after cluster of bloom throughout the season. P.A.F. \$2.75 each.

CLIMBING PINOCCHIO. Anyone who knows roses knows Pinocchio, a favorite Floribunda for the past 12 years. Cl. Pinocchio will produce an unbelievable amount of the same blooms as the bush from June until frost. Very long lasting when cut for indoors. Pat. 1142. \$2.50 each.

CLIMBING GOLDLLOCKS. One of the finest yellow everblooming climbers. Cl. Goldilocks is identical to the Floribunda Goldilocks. Together with Cl. Pinocchio and Cl. Pinkie, you couldn't ask for any better climbers to give you a continuation of bloom throughout the summer months. All three are very hardy, vigorous and will bloom the first year. Price on Cl. Goldilocks, \$2.50 each. Pat. 1090.

HIGH NOON. Everblooming yellow with hybrid tea like flowers. Needs some protection in our climate. \$2.00 each.

NEW DAWN. Rosarians everywhere agree that this is the finest hardy everblooming climber for any climate. Blush pink in color on long stems. Sometimes known as the Everblooming Dr. Van Fleet. \$1.75 each.

NEW!!

NEW!!

CLIMBING CHARLOTTE ARMSTRONG. The bush form needs no introduction to any rose grower and this Climbing form is the same type of bloom. A lot of people have been waiting for this climbing rose. Pat. 523. \$3.50 each.

CLIMBING SUTTER'S GOLD. Popular as bush rose, now available in the climbing form. Vigorous like the bush, it covers itself with the same exquisite flowers only more of them. Pat. 1185. \$3.00 each.

RENAE. A pillar type rose that grows to about 10 ft. Double lavender blooms of about 2½" across that start in early Spring and continue until frost. Long-pointed shiny green leaves cover the plant so thoroughly that it never gets that "leggy" look. Another thing that some people will appreciate is that it is practically thornless. Pat. 893. \$3.00 each.

DESCANSO PILLAR. A pillar type rose that grows to 10 ft. Perhaps the best climbing rose of this type to date. Foliage immune to mildew and very dark green, luxuriant and glossy which covers the plant completely. Color is a clear begonia-rose to a deep rose pink with the inside surface varying to scarlet. 5 inch blooms that are high-centered keep coming all during the summer months. Buds are urn-shaped, and vary from carmine to scarlet red. On several bushes that we have watched for two years now, we have noted blooms on four foot stems. We have never seen anything like it. P.A.F. \$2.50 each.

SUNNY JUNE. Another everblooming pillar type. Very free flowering and continuous, having large clusters of 3-3½ inch deep canary yellow, single flowers which are flat to slightly cup shaped, and slightly fragrant. The buds are ovoid and tinged with red, making them attractive in combination with the open flowers. Growing height about 8 ft. P.A.F. \$2.00 each.

PAUL'S SCARLET. Discontinued in favor of Blaze.

PAUL'S LEMON PILLAR. Pale lemon yellow buds with large full blooms of sulphur yellow to almost white. Very fragrant and used extensively for exhibition purposes. Very nice long strong stems. This rose has perhaps won more rose show honors than any other rose, including Peace. \$1.75 each.

WHITE DAWN. Same growth and blooming qualities as New Dawn only the bloom is pure white. For a white climber, there is no better to our knowledge. \$1.75 each.

Some of the

FINER ROSES OF THE PAST

BURSTING WITH VITALITY

All are '*Sunny Spokane*' Brand

RED FAVORITES

CHRISTOPHER STONE. A thrilling scarlet-crimson from tight bud until the last petals fall. Roses come and go but this will perhaps always be listed among the best reds. Regardless of price, variety or newness, Chris. Stone is our largest selling red rose. Fairly double. 2½-3 ft. Illustrated on back cover.

ETOILE DE HOLLANDE. A comparison among rose growers for red roses. This rose has gigantic flowers of velvety-crimson that get lighter in color instead of "bluing" with age. Any rose-grower will vouch for this rose. 3-3½ ft.

CRIMSON GLORY. Finally off of the patent list and at a new low price. Crimson Glory is always listed in any "10 Most Popular Roses in America" survey. A deep, vivid crimson flower that stands erect on vigorous bushes. It really has the fragrance, more so than any other rose. Illustrated back cover.

YELLOW FAVORITES

GOLDEN DAWN. Bud sunflower-yellow, flushed old rose. Flowers very double and well formed. 2 ft. One of the better of the older yellow roses.

JOANNA HILL. Orange-yellow buds opening to large, double flowers of cream and orange. Very popular for cutting. 2½-3 ft.

McGREDY'S YELLOW. Bright buttercup yellow on very strong growing bushes. This rose is a consistent rose show winner despite some of the fine newer varieties. 2½-3 ft. Illustrated back cover.

PINK FAVORITES

PICTURE. A very fine rose for cutting and pretty as a "picture". To see the velvety-rose pink flowers is to want it. 2½-3 ft. Illustrated back cover.

DAINTY BESS. Very popular single flowering rose. Five light pink petals enclosing a mass of crimson stamens. 3-3½ ft.

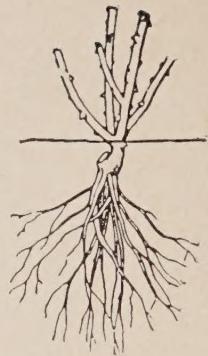

THE DOCTOR. Enormously large semi-double pink flowers that literally hold you spellbound as you view it. Plant this in your garden and watch people stop to look at it. Very fragrant and satiny. Not over 2½ ft.

WHITE FAVORITES

FRAU KARL DRUSCHKI. Magnificent snow-white blooms with a touch of pink in the center. This is our largest selling white rose and we still think it is the best of all whites. 3-6 ft.

McGREDY'S IVORY. Long ivory white buds, perfectly shaped blossoms, delicate perfume. Raised considerably for exhibition purposes. 2-2½ ft.

Every Bush 2-year No. 1

\$1.35 each \$15.00
6 for \$7.75 Per Doz.

TWO-TONE FAVORITES

AUTUMN. A remarkable combination of gold, burnt orange and red that will linger long in your memory of the beautiful roses you have seen. Bush produces long stems with a foliage that is dark green and glossy. 2½-3 ft.

COUNTESS VANDAL. This is an old standby with us. An excellent performer in any garden. Color combination can hardly be described: Pink, copper, gold and salmon. 3 ft.

GIRONA. Large graceful buds opening to magnificent full double flowers of pink, yellow and carmine. Tall growing and free blooming. A regular Spanish beauty.

MRS. SAM McGREDY. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft.

PRESIDENT HOOVER. Another consistent show winner. A very large flower of flaming scarlet and yellow in the bud, opening to soft creamy yellow and red. Very vigorous plant. 3½ ft. Illustrated back cover.

TALISMAN. This is perhaps the best known and most widely planted rose in America. We don't like it too much but then everybody does not have the same taste. Rich scarlet and gold to deep rose and pale yellow. Fragrant and at its best when in the bud. About 2½ ft.

Vines . . .

to soften harsh lines

BITTERSWEET

Rapid growing, twining vine. Bright orange berries with scarlet seeds in autumn, hanging on late. 3 yr. No. 1, \$2.50 each, 2 yr. No. 1, \$1.50 each.

DUTCHMAN'S PIPE

Large leaves. Flowers resemble a pipe. 1 yr. No. 1, \$1.00; 3 yr. No. 1, \$2.00.

HONEYSUCKLE

Gold Flame. Fragrant; trumpet-shaped red and yellow flowers. \$1.50.

Heckrottii. Red trumpets lined with gold. \$1.50.

IVY

Boston. Self clinging; one of the best. Small foliage that colors well in the fall. \$1.50.

HYDRANGEA PETIOLARIS (Climbing Hydrangea). Probably the rarest and choicest vine offered in our list. Not too fast growing and needs to become established for several years. It will cling to anything without support. Good green foliage with white, fragrant Hydrangea-like blooms. Will do equally well in sun and shade. Strong plants with 2 ft. runners. \$3.50 each.

SILVERLACE VINE

Very rapid grower producing lacy sprays of creamy white flowers. Free blooming. 2 yr. No. 1, \$1.50 each.

TRUMPET VINE

Upright growing vine. Trumpet shaped flowers, scarlet in color. July and August. 2 yr. No. 1, \$1.50 each.

WISTERIA

A rampant clinging vine with flowers in long drooping clusters, resembling sweet peas. We offer grafted plants from blooming wood to insure blooming. Wisteria needs to be established well before blooming. We have 2 yr. No. 1 vines in purple, pink and white. Please state your color when ordering. \$2.50 each.

The descriptions of all items listed in this catalog are our own. Please remember that soil conditions, climate and personal care might have tendency to alter our descriptions when grown in your own garden.

NEW!

NEW!

POLYGONUM REYNOUTRIA

One of the best ground covers for sunny places where Vinca or Pachysandra would not be feasible. Very easy to grow, very hardy, and establishes itself quite rapidly from underground runners. Pale green foliage turns brilliant red in the autumn. Pink sprays of flowers in the fall and never grows over 6 inches. 2 yr. No. 1 plants. 75c each.

VINCA MINOR

Evergreen ground cover with delicate blue flowers in spring. Thrives in the shade. \$2.50 per dozen.

ORNAMENTAL LAWN and STREET TREES

STRAIGHT STEMS • WELL BRANCHED • HEAVY-ROOTED • BIG VALUES

ASH

Green. Very good green foliage. It thrives over a wide area and is ideal for dry cold climates. 8-10 ft., \$6.00.

(Note: See Mountain Ash listed below.)

BIRCH

Cut-Leaf Weeping. White bark. A pyramidal type of moderately rapid growth. Branches become more pendulous as the tree grows older. Very graceful. 7-8 ft., \$7.50; 8-10 ft., \$10.00.

Clump Birch. Same as preceding but usually with three or more stems originating at the base. Has become increasingly popular because it fits very well into the landscape of the newer type ranch home. 4-5 ft., \$5.00; 6-7 ft., \$7.50.

Canoe. White bark with brown speckles. Upright growing. 8-10 ft. \$10.00.

European White. Same as cut-leaf weeping but only with upright growth. 8-10 ft., \$10.00.

CATALPA

Western. A rapid growing tree with very large leaves, a nice clean bark and large white flower heads followed by long bean-shaped seed pods. 8-10 ft., \$7.50.

ELM

Chinese or Siberian. A very rapid growing tree with a dense head. Extremely hardy and disease resistant. 5-6 ft., \$2.50; 6-8 ft., \$3.50; 8-10 ft., \$5.00;

HORSECHESTNUT

Pink Flowering. A slow growing shade tree with pink pyramidal cone-shaped flowers. Very thick foliage. 6-8 ft., \$10.00.

White Flowering. Same as preceding, only white flowers. 6-8 ft., \$6.00.

LINDEN

American. Very large attractive leaves on a strong growing tree. Excellent for shade. 8-10 ft., \$6.00.

Pyramidal. A type of American Linden with a distinct pyramidal type of growth. Used extensively along the parking strips in Spokane's finer residential districts. 8-10 ft., \$8.00.

MOUNTAIN ASH

A fast growing shade tree with orange clusters of berries from August till late winter. Everybody knows this popular tree. 6-8 ft., \$4.00; 8-10 ft., \$6.50.

WILLOW

Wisconsin. Spreading limbs and weeping branches. Very hardy. Dark green leaves. 8-10 ft., \$5.00.

Golden. Medium spreading growth. Golden yellow bark. 8-10 ft., \$5.00.

MAPLE

Crimson King. An improved form of Schwedler that holds its red color throughout the summer. An excellent new novelty. 8-9 ft. whips, \$9.00; 6-8 ft. whips, \$7.50.

Norway. One of the most widely planted shade trees in our area. Large and dark green foliage, round and spreading in growth habit. For lawn specimens or shade, this tree is recommended very highly by us. 6-8 ft., \$4.50; 8-10 ft., \$6.50; 10-12 ft., \$10.00; 12-14 ft., \$15.00.

Schwedler. Similar to the Norway Maple, except the new foliage in the spring is bright purple. Very attractive in the fall with its bronze and orange colored foliage. 6-8 ft. whips, \$4.00; 8-10 ft., \$7.50.

Silver. Leaves bright green above, silver below. Fastest growing of all maples. 5-6 ft., \$3.50; 12-14 ft., \$15.00.

Sugar. Somewhat similar to Norway. Brilliant autumn coloring. Very hardy. 8-10 ft., slightly branched. \$6.00.

SYCAMORE

European. A highly ornamental tree that is widespread in growth. Very disease free. Creamy bark. 8-10 ft., \$7.50.

HONEYLOCUST

MORAINA. Our newest shade tree—the tree you will read about in all of the garden magazines. Take a look at these features and see if it is not just the shade tree that you have been looking for:

- | | |
|--------------------------|----------------------|
| 1. Clean | 4. Hardy |
| 2. Vase-shaped | 5. Regal |
| 3. Filtered shade | 6. Good Roots |

What more could one ask for in a shade tree. We have a fine block at prices that are reasonable for a new tree. 5-6 ft. branched, \$6.00; 6-7 ft. branched, \$8.00; 7-8 ft. branched, \$10.00.

Flowering Trees—

INCREASE THE VALUE
and BEAUTY of Your Home

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 2-3 ft., \$5.00; 3-4 ft., \$7.50; 4-5 ft., \$10.00.

FLOWERING PEACH

Double Red. Rich ruby-red. Very large blooms.
Helen Borcher. Shell pink. Very large. Desirable for forcing indoors.
Prices, 5-6 ft., \$4.00; 6-8 ft., \$6.00.

ROYAL REDLEAF. A new ornamental flowering tree. Foliage is bright red in the early spring, gradually dulling to a deep maroon towards fall. Rose blooms make a pleasing contrast with the foliage. Produces red fruit with white flesh. Fruit has a wild seedling flavor that is edible or suitable for pickling. Hardier than most peach varieties. 3-4 ft., \$4.00.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.50; 7-8 ft., \$7.50.

Cistena. New flowering plum. Red foliage with white contrasting flowers. Low branching and bushy. 5-6 ft., \$6.00.

Newport. Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.50.

Sapa. Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$3.50.

Thundercloud. Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 5-6 ft., \$6.00; 7-8 ft., \$10.00.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China." 3-4 ft., \$3.50; 4-5 ft., \$5.00.

WEEPING TREES

WEEPING CHERRIES.

Double Serrulata, \$10.00.
(Arching branches)

Single Subhirtella, \$10.00.
(Weeping branches)

Weeping Crab, \$5.00.

Weeping Peach, \$5.00.

All
Heavy
Specimen
Trees

FLOWERING CRAB

Atrosanguinea. Carmine flowers with attractive fruit that hangs on most of the winter.

Bechtel's. Large double pink and one of the most popular. The variety we now have has fragrant blooms.

Elevi. Best of the purple-leaf crabs. Pink blooms borne in profusion. Red fruit.

Hopa. Very upright growing. Crimson buds, rose flowers. Fruit red that hangs on until late fall.

Floribunda. Pink buds, white flowers. Yellow fruit that hangs on all winter. Very attractive at any time of the year.

Scheideckeri. Compact upright growth. Single rose blooms. Very popular, yellow fruit.

Prices above Crabs 3-4 ft., \$3.50; 5-6 ft., \$6.00

TWO NEW FLOWERING CRABS

Almey. Large blossoms of glistening red, Scarlet fruits. Blooms usually the first year planted.

Morden No. 454. Narrow pyramidal growth. Purplish leaf. Very dark bark. Rosy-red flowers, cherry-red fruit.
Prices on Almey and Morden. 3-4 ft., \$4.50; 5-6 ft., \$6.00.

FLOWERING CHERRY

Kwanzan. Double deep pink flowers. Very fragrant.

Mt. Fugi. Same as Kwanzan, only double white.
Prices both varieties. 5-6 ft., \$5.00.

GOLDEN CHAIN

Vossi. Beautiful small tree with bark of pea-green. Very graceful fragrant long chains of golden yellow flowers. 6-8 ft., \$7.50.

HAWTHORNE

Paul's Scarlet. Wide spreading spiny branches, the head equaling the height in diameter. Bright double-red flowers in abundance during May. 4-5 ft., \$3.50; 5-6 ft., \$5.00; 6-8 ft., \$7.50.

Cordata (Washington Thorn). Deep green glossy leaves with outstanding autumn coloring. White flowers with glossy red berries. 4-5 ft., \$5.00.

NEW!

AUTUMN GLORY

Vigorous erect growing tree with grayish bark. White flowers followed by a profusion of large glossy, brilliant red berries all along the branches. Much more outstanding than the popular Mt. Ash. Featured extensively by the Wayside Gardens. 5-6 ft., \$6.00.

Fine Flowering SHRUBS

Bloom from April to Late Fall

Landscape Your Grounds—it's Smart Business and Increases Real Estate Value

Be your own landscape architect. Start this spring with a definite planting plan. Get your trees in, your lawn started, hedges and shrubs planted. Here is a good vigorous beginning that by the end of summer will give you a grand and glorious sense of achievement. Clever, artistic landscaping has brought a marvelous transformation that you could scarcely believe possible a few months earlier.

BARBERRY

Thunbergi. Green foliage turning to crimson in autumn. Red berries. Widely used and very attractive. 24-30" bushy stock. \$2.00 each.

Atropurpurea. Purple or red foliage. The most popular barberry planted. Foliage holds its color throughout the summer. 18-24". \$2.00 each.

NEW!

NEW!

CRIMSON PYGMY. Another new introduction by Wayside Gardens. The 8-yr. old plants that we have seen are about 10-12 inches high and 15-18 inches in diameter. Crimson Pygmy has that blood-red foliage that turns to a brilliant bronze in the fall. Individual plants are colorful and will make a fine showing in front of any shrub planting or in the front of your foundation planting. The plants we offer are now about 5 to 8 inches in diameter. \$2.50 each.

Mentorensis. Plant Pat. No. 99. Faultless in hot, dry places. Foliage is heavy and thick; dark green as the yew. Can be used very nicely with evergreens as its foliage hangs on most of the winter. Needs no pruning and easy to keep in bounds. Plant it in any location because it is not "choosy". 24-30". \$1.75 each.

True Hedge. Very glossy foliage that gives us the most striking autumn colors. Red berries. Formal growing, needs no shearing. 24-30". \$2.00 each.

CHOICE

BEAUTY BUSH (*Kolkwitzia*)

Attractive foliage with a profusion of pink flowers in May. Our favorite flowering shrub. 2-3 ft. \$2.00; 3-4 ft. \$3.00.

CALICARPA DICHOTOMA (Purple Beautyberry)

Low growing shrub with showy clusters of lavender-purple berries and pink flowers. 18-24 in. \$2.50 each.

EUONYMUS

Alatus Compacta. Small growing shrub with cork-like bark. Striking autumn foliage of deep red. 2-3 ft. \$3.00.

European. Fine toothed leaves, small greenish flowers. Striking pink berries and brilliant orangy red foliage in autumn. 18-24 in., \$2.50.

Yedoensis. Rather large growing Euonymus with pink and orange four lobed fruit. One of the most striking of all deciduous Euonymus. 18-24" \$2.50.

We Will Help You . . .

It Costs You Nothing !!

NEW!

NEW!

HYPERICUM. (Sun Gold). Pat. 568. The hardest of all Hypericum. Very dwarf, shapely shrub which grows oval shape of 2 to 3 ft. in diameter, densely covered with glossy foliage. It bears cymes of golden flowers at the end of every new branch. This mound of gold is very free flowering. We have had it in our nursery for several years and those that have seen have bought it. We now have enough for our mail-order customers. 18-24 in., \$2.50 each.

DEUTZIA. *Gracilis*. Very low growing shrub of 2 to 3 ft. Fountain-like growth with graceful habit. Delicate snowy-white flowers in May. Does well in light shade. Excellent for arrangement purposes. 12-15 in., \$1.50.

ORDER EARLY !!

Take advantage of premium offered on page 3. We will ship or deliver at the proper planting time.

SEE PAGE 3 FOR FREE PREMIUM

SPECIAL BUDDLEIA OFFER NO. 14

FILBERT. Purple leafed shrub that holds its color all summer. Planted mostly as a specimen shrub and for its attractive foliage. 3-4 ft., \$2.50 each.

FLOWERING ALMOND

Very popular as the shrub which covers every twig and branch with dainty little double pink flowers that remind one of miniature roses. 2-3 ft., \$2.25.

FORSYTHIA

NEW!

NEW!

ARNOLD DWARF. Ever since we noticed this dwarf Forsythia at the Arnold Arboretum in Boston several years ago, we have been trying to obtain a supply and finally succeeded. Very dwarf and compact plant, never over 3 ft. Flowers similar in color and shape to the larger growing Forsythias. You'll enjoy this Tom Thumb if you can use a dwarf growing flowering shrub. Ideal for the newer type ranch home foundation planting where straight evergreens are monotonous. 15-18 inches. \$2.00 each.

LYNWOOD GOLD. Coming to us from Ireland, this new Forsythia introduced by Wayside Gardens has replaced all of the other dark yellow Forsythias that we previously listed. Erect branches that are literally smothered under golden yellow flowers from top to bottom. The golden flowers are just as profuse as Spring Glory with each individual bloom fuller in form as well as greater substance than the older type of Forsythias. Try planting Lynwood Gold with Spring Glory for early spring blooming contrast. You'll love it. 2-3 ft., \$2.50.

Spring Glory. This new forsythia is without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. Twice the bloom you will find on other forsythias. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

HONEYSUCKLE

Zabeli. We believe this to be the finest of all red honeysuckles and have discarded our other varieties in favor of it. 3-4 ft., \$2.50.

Morrow. Spreading habit, attractive foliage. White flowers in May-June followed by red berries. 2-3 ft., \$2.00.

SELECT YOUR OWN EVERGREEN TREES SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales; it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens . . . large broadleaf Evergreen and Deciduous Shrubs . . . Rhododendrons and Azaleas . . . large Fruit Trees . . . Vines . . . Perennials . . . are usually ready for "Cash and Carry" sales at proper planting seasons. Well-informed salesmen are ready to assist you to make your garden a part of your home life. Our business is not only to produce good plants but to advise you how to use them. For the benefit of those who cannot visit us weekdays, we are open Sunday 9:00 to 6:00, during the planting seasons.

HANSEN BUSH CHERRY. Covered with white flowers in the early spring, followed by dark fruit-like cherries that are attractive and eatable. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

HAMAMELIS (Witchhazel)

Ideal for most places with partial shade. Yellow flowers in late autumn. 18-24 in., \$2.50.

HYDRANGEA

Arborescens. Large, double snow white flowers in June and July. Thrives in shady places. 2-3 ft., \$2.50.

Paniculata. Often called "P.G. Hydrangea." Very popular shrub with huge, conical heads of flowers that turn pink as they age. Blooms in August. Bush type. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

PHILADELPHUS

Virginalis. Immense fragrant, double white flowers in large clusters that weigh down the branches. Blooms in May and June. 18-24 in., \$1.25; 2-3 ft., \$2.00.

Minnesota Snowflake. Pat. 538. Very double, new variety of mockorange. Fragrant. Blooms cover the plant from top to toe and keep coming all summer. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

KERRIA

Double Japonica. Double orange flowers in the early spring and continuing intermittently throughout the summer months. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

Special

Shrub Offer No. 15 BABY FLOWERING SHRUBS

Our Baby Flowering Shrub Collection contains 17 shrubs. By planting them 3 to 4 feet apart, you will have enough shrubs to plant a screen 50 to 65 feet long. Chosen by us to give you a continuous bloom throughout the summer months. These shrubs are 2 yrs. old and will give you a good screen in one or two years.

Lilacs

Spokane's
Adopted Flower

NOTE: It should be remembered in connection with the color descriptions of Lilacs that the colors of all Lilacs are soft, and except for the whites, are a blending of colors rather than one pure tone. After transplanting it often requires two seasons or more for Lilacs to again produce their true color.

NEW!! NEW!!

NEWER VARIETIES OF LILACS

Clarke's Giant. Single gentian blue. Very large.
Pat. 754.
Esther Staley. Large single pure pink.
Pat. 768.
Mme. Chas. Souchet. Large single, sky blue.
Splendor. Double purplish blue.
Pat. 837.
Sunset. Double mauve carmine.
Pat. 937.
Sweetheart. Double, palest lavender.
Above lilacs priced \$4.50 each; 3 for \$12.00

FLOWERING QUINCE. Low growing shrub, glossy foliage.

Common Red. \$2.00 each.

NEW FLOWERING QUINCE

Coral Beauty. Rosy coral.
Red Ruffles. Dazzling ruffled red.
Apple Blossom. Pink and white.
Stanford Red. Tomato red. Outstanding.
Price new quince, \$3.50 each.

RIVERS PURPLE BEECH. No flowers on this shrub but it possesses the most outstanding foliage of purple that you will find on any shrub, and one that will give your garden that unique atmosphere. This is something that you won't find in everybody's garden. 2-3 ft., \$5.00; 4-5 ft., \$8.00.

TAMARIX

Hispida. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 3-4 ft., \$2.50.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$2.50.

BRONZE-LEAVED SMOKE TREE. Similar in growth and habits to the well-known Smoke Tree, only this variety is the rare bronze-leaved and "bronze-plumed" Smoke Tree. Bronze foliage and bronze colored so-called plume or smoke. Nice bushes 2-3 ft. tall. \$4.00.

Adelaide Dunbar. Double, dark red.
Alice Eastwood. Double, mauve pink.
Belle de Nancy. Double satiny rose.
Charles Joly. Double dark reddish-purple.
Capt. Perrault. Double pink.
Firmament. Single, sky blue.
Gismonda. Double, reddish purple.
Kate Sessions. Single, mauve purple.
Katherine Havemeyer. Double, purplish mauve.
Marechal Foch. Single, carmine pink.
Mad. Lemoine. Double white.
Pres. Loubet. Dark red.
Marechal Lannes. Semi-double violet blue.
Ludwig Spaeth. Single dark purple.
Persian. Reddish purple.
Villosa. Late pale pink.

Prices above lilacs, \$2.75 each.

SPIREA

Anthony Waterer. Flat heads of rosy-pink flowers are borne all summer on these popular, compact, dwarf shrubs. Attractive foliage. 12-15 in., \$1.50; 15-18 in., \$2.00.

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$1.50 each.

Mongolica. Often called the Snowbank Spirea because it is the earliest of all Spireas to bloom. Always in full blooms along with the Forsythia, you will marvel at the effect when the two are planted together. Graceful in growing habit and never over 5 ft. at maturity. Also lovely when used with any of the early blooming bulbs like Daffodils and Scillas. 2-3 ft. \$2.50 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 3-4 ft., \$2.50.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 2-3 ft., \$1.50; 3-4 ft., \$2.00.

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

Hopa Crab	Cistena Plum
Eleyi Crab	Nanking Cherry
Bechtel's Crab	Prunus Triloba
Paul's Scarlet Hawthorne	Goldenchain
All are 3-4 ft. and priced at \$3.50 each.	

SYMPHORICARPUS (Snowberry)

Chenaulti. Small blue to green leaves, pink blossoms, red fruit. 2-3 ft. \$2.00.

Vulgaris. Hardy red snowberry that succeeds everywhere. Coral-red berries. 2-3 ft. \$2.00.

VIBURNUM (Snowball)

Highbush Cranberry. Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 2-3 ft., \$2.00.

EVERGREENS

For Beauty All Year

CORRECT PLANTING BOOKLET

Sixteen pages of valuable information on planting, pruning and general care of plants, shrubs, trees, etc. Everyone interested in plants should have this book. Included FREE with your order.

THUJA-ARBOR VITAE

American. Used primarily for hedges. Rather broad growing and rapid—good growing conditions will bring a growth of 2 ft. per year. Plant 3 ft. apart for hedge purposes. Dark green in color. Just about as cheap as flowering shrubs and it stays green all winter. Nice bushy plants 2-3 ft. high, \$3.00.

Woodwardi. (Globe Cedar). Develops into a perfect globe-shaped plant, the spread equaling the height. Light green foliage. Used largely under windows in foundation plantings and in formal work where symmetry is desired. 12-15 in., \$3.00; 18-24 in., \$6.00; 30-36 in., \$10.00.

Umbraculifera. A dwarf type of globe. Grows rather flat and round. Ideal for the very low picture window or planter box. 12-15 in., \$4.50; 18-24 in., \$7.50.

Golden. (Berckman's). A beautiful, dwarf, compact variety of golden color. Does best in full sun. Used for urns, small gardens, cemetery lots or brightening up foundation plantings at the base of your steps. 10-12 in., \$3.00; 12-15 in., \$4.50; 18-24 in., \$7.50; 24-30 in., \$10.00.

Pyramidalis. Dark green foliage. Columnar, formal habit, dense and compact. For corners, in front of pillars, center or background of group plantings, no other evergreen is quite so popular. 2-3 ft., \$3.50; 3-4 ft., \$5.00; 4-5 ft., \$7.50.

Beautify and Improve Your Home Grounds

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

BABY EVERGREENS

2 and 3 year old heavy transplants.

Set these sturdy transplanted evergreens in your garden for several years, and you will have trees that will be worth 10 times what you will pay us for them. You be the nurseryman.

Pfitzer Juniper	Pyramidal Arb. Vitae
Andorra Juniper	American Arbor Vitae
Golden Pfitzer	Oregon Grape
Waukeegan Juniper	Mugho Pine
Globe Arbor Vitae	Spreading Yew

\$1.50 each; 3 for \$4.25; 12 for \$15.00

Postage prepaid.

CYPRESS-CHAMAECYPARIS

Alumi. (Blue Cypress). Upright, symmetrical growth. Foliage is very compact and rich blue-green in color. To see it is to want it. 3-4 ft., \$7.50; 4-5 ft., \$10.00.

Elwoodi. A fine, feathery foliage. Dwarf, compact, slow growing. The color is a silvery-blue. 12-15 in., \$3.00; 24-30 in., \$5.00; 30-36 in., \$7.50.

Filifera. A very graceful growing evergreen. Unusual foliage, drooping and graceful, resembling cords of grey-green. 18-24 in., \$5.00; 30-36 in., \$12.50.

Filifera Aurea. Similar to above only dwarfed growing with drooping cords of gold. 12-15 in., \$5.00.

PINE-PINUS

Dwarf Mugho. An excellent dwarf pine, globe shaped and erect branching. Especially attractive in the growing season when the new growth, which looks like miniature candles, completely covers the bush. 9-12 in., \$3.00; 15-18 in., \$5.00.

YEW-TAXUS

The Disease Proof Evergreen

No family of evergreens has gained such popularity in recent years as the Yew. Their dark, rich color, hardiness, variety of form, transplanting easiness, adaptability, freedom from disease and insects has merited this position. And what's more they do well in both sun and shade. We truly believe that this is the coming evergreen and are using it more in landscaping work.

ENGLISH YEW. Dark fine green foliage. Upright grower, rather broad. One of the fastest growing yews. 3-4 ft. \$10.00.

HICK'S. Upright grower with coarser needles than the English. Red berries in the late fall. The best of all yews. 3-4 ft. \$10.00.

SPREADING. Rather low growing and spreading in nature. Dark green foliage. Much slower growth than the spreading Junipers. 9-12 in., \$2.50; 18-24 in., \$7.50; 2-3 ft., \$12.50.

(Note—While we are only listing three varieties of yew, we are now growing seven. Come out and we will be glad to show you the merits of each variety and how it might fit into your landscape picture.)

IDEAL CORNER PLANTING

SPECIAL OFFER NO. 19

5 Evergreens to fit illustration of corner planting

SPRUCE—PICEA

Colorado Blue. (Koster). Grafted plants of steel-blue. We call them shiners. There are no spruce any bluer. Well-developed trees that are used primarily for specimens in the middle of the lawn or some other focal point. 24-30 in., \$12.50.

Norway Spruce. Dark green with rather short needles. Used as specimen in the middle of lawn and makes an excellent living Christmas Tree. 2-3 ft., \$5.00.

Dwarf Alberta. Close, pyramidal growth, thickly covered with short, close set, twiggy branches and grass-green needles. Very slow grower. 2-3 ft. \$6.00.

Nest Spruce. Needles and color very similar to Norway however it grows somewhat in the shape of a bird's nest. Very slow growing and never over 2 ft. in height and width. Used considerably for small urns and outside planter boxes. 9-12 in. \$4.00.

BEAUTIFUL EVERGREEN SHRUBS

WILL BRIGHTEN YOUR WINTER GARDEN

Broad-leaved evergreen shrubs provide some very choice plant material with the advantage of beautiful, decorative foliage all the year round, plus colorful blooms and berries in season. By choosing varieties carefully, it is possible to have some plant at an interesting stage at all seasons.

AZALEA MOLLIS (The hardy azalea). The only azalea hardy in the Inland Empire. Very colorful, large flowers of bright orange to flame. Prefers an acid soil and some shade, however you can use them in ordinary soil and full sun with the same results. All sizes are budded and will bloom the first year. 9-12 in., \$1.25; 12-15 in., \$2.50; 18-24 in., \$5.00.

BOXWOOD

Sempervirens. Fast growing boxwood. Bright glossy leaves. Used for hedges and as individuals. 9-12 in., \$1.00; 12-15 in., \$1.50.

Truedwarf. Same foliage as above. Slow growing and used primarily for dwarf hedges. 6-8 in., 75c; 12-15 in., \$2.50.

COTONEASTER.

Horizontalis. Low, spreading evergreen. Tiny round green leaves that turn red in the fall. Red berries. 9-12 in., \$1.25; 18-24 in., \$4.50.

Franchetti. One of the best taller growing varieties. Arching branches with thick greyish wrinkled leaves bear pinkish flowers and orange-red berries in the fall. 2-3 ft. \$5.00.

Apiculata. (Cranberry cotoneaster). Far superior to the other low spreading growers. The berries, size of cranberries, are gorgeous, brilliant glossy red and plenty of them. Our grafted plants will produce berries the first year planted. 9-12 in. \$2.50.

Divaricata. Upright spreading branches with foliage nearly evergreen. Flowers are pink and berries are red. Becoming increasingly popular, 3-4 ft., \$6.00.

DAPHNE

Cneorum (Rock Daphne). Low spreading growth with very fragrant pink flowers in spring. 4-6 in., \$1.00; 9-12 in., \$2.25; 12-15 in., \$3.00; 15-18 in., \$4.00.

Somerset. Similar to Cneorum but more erect upright growth. Bears deliciously fragrant flowers, pink opening white and becoming rose-pink before they drop. Spring blooming. 18-24 in., \$6.00.

Mezereum (Lilac Daphne). Interesting, lilac-purple flowers along the graceful, slender branches in early spring, followed by green foliage with red berries. 9-12", \$1.25; 12-15 in. bushy, \$2.50.

HEATHER

Mediterranean Hybrids. Dwarf growing, very compact. We have two colors, red and pink. 6-9 in., \$1.25; 9-12 in., \$2.00.

EUONYMUS. (Evergreen Bittersweet)

Radicans Vegetus. This is perhaps the most versatile of all the evergreen shrubs or vines. It has literally hundreds of uses. Thrives in both sun or shade, poor or rich soil. Use it as a vine, shrub or ground cover. Thick glossy leaves with bright orange red berries which remain on the plant the greater part of the winter. 9-12 in., \$1.00; 15-18 in. bushy plants, \$3.00.

PYRACANTHA (Firethorn). With all evergreens plantings on the newer type homes now including some broad-leaved evergreens, firethorns have become very widely used. Orange berries produced on very young plants together with the glossy green foliage makes it very interesting for winter effect. 3-4 ft., \$5.00.

MAHONIA. (Oregon Hollygrape). Thick glossy leaves that resemble holly, but are much larger and far more attractive. Yellow blossoms in the spring followed by blue berries. 12-15 in. bushy, \$2.50; 18-24 in. bushy, \$5.00.

MAGNOLIA

Soulangeana. Large, purplish-pink blooms that appear prior to foliage in the spring. Used primarily as specimen shrubs. 2-3 ft., \$7.50; 3-4 ft., \$10.00.

RHODODENDRON. (Washington State Flower). If you prepare your soil to an acid condition and choose a sheltered location, Rhododendrons will thrive in our area. While we have named varieties, we are only listing seedlings in purple and red because we have found they are much hardier and more satisfactory. They are all budded and will bloom for you this year. 15-18 in., \$5.00; 2-3 ft., \$7.50.

VIBURNUM

Burkwoodi. Excellent waxy green foliage. The glory of this shrub is the waxy fragrant flowers — one bloom will give fragrance to your entire home. Very choice. 2-3 ft., \$6.00.

Carlesi. Somewhat similar to the above and preferred by many. Both varieties are very hardy. The leaves on Carlesi are greyer and larger but do not color up as well in the fall. 9-12 in., \$2.00; 18-24 in., \$6.00.

NEW!

NEW!

CARLCEPHALUM. Introduced by Wayside Gardens and they say it is the finest flowering shrub in a decade. A most profuse blooming shrub with large cymose clusters of blossoms which are often times 6 inches across. Very fragrant. A wealth of foliage that colors up brilliantly in the autumn. Why not make your foundation planting different from every other house in the block by starting with this plant. Pat. 776. 15-18 inches, \$7.00 each.

SPECIAL OFFER NO. 20

10 Evergreens only \$22.95

(Landscape size)

Regular value, \$28.00

- 2 Pyramidal A.V., 2-3 ft., for corners.
- 2 Globe A.V., 12-15 in., underneath windows.
- 2 Golden A.V., 10-12 in., beside steps.
- 4 Pfitzer Juniper, 15-18 in. for in between and to the front.

This evergreen planting will fit the front of your home regardless if it is not as illustrated.

"Sunny Spokane"

EARLY BLOOMING

"MUMS"

**PRICES ON ALL MUMS ON THIS PAGE, INCLUDING CUSHIONS
50c each; \$4.00 per dozen.**

APRICOT GLOW. Rich apricot-bronze. Nicely formed blossoms of 2½ in. Dense plant, 18 in. in height. Early Sept.

CHARLES NYE. Large 3 inch flowers of real buttercup yellow. Flowers look just like an enlarged butterball. Mid-Sept. 24 inches.

CORONATION ROSE. Low grower but not a cushion type. Bright rose in color. New.

CUSHION OR "MILLION MUMS"

Low growing mums forming mounds of blooms, reminding one of the old fashioned azalea. The plants grow about 10 to 12 inches high. Try our improved strain for early blooms. We have them in five colors.

Red Bronze Yellow Pink White

GOLD STANDARD. Real lemon-chrome. Nonfading. Should be disbudded to larger flowers. Height 3½ ft. and very outstanding. Early September.

HOPE VALLEY. Lilac pink, large bloom and very good stem. 24 inches. August 15th.

PEONY

King of All Perennials

All stock offered is strong 3-5 eye divisions, cut from young thrifty stock, free from disease of all kinds. We offer a complete color selection in the highest rating varieties.

Festiva Maxima. Early, pure white flecked with crimson.

Francis Willard. Late midseason. Exquisite blush changing to pure white.

Mons Jules Elie. Midseason. Lilac-pink shading to deeper rose, overlaid with a sheen of silver.

Officinalis Rubra. The old fashioned early red that is usually in bloom by Memorial Day.

President Roosevelt. Midseason. Very fine brilliant red.

Sarah Bernhardt. Midseason. Apple-blossom pink with silvery edges on petals.

Walter Faxon. Midseason. Vivid salmon-pink.

Felix Crousse. Midseason. Brilliant ruby-red.

Prices: \$1.50 each; 3 for \$4.00.

The Time and Type of Mums We Ship

Young, healthy, growing plants in pots become established during winter and early spring for delivery in April, May and June. They grow many times their present size during the summer and are ideal for spring planting.

HURRICANE. Brilliant crimson which we consider one of the finest new reds. 30 inches. Early September.

INDIAN MAID. Bronzy-red. Bloom somewhat larger than our cushion mums. Excellent. 15 inches. Late August.

MONSUL DALE. Cream with a flush of pink. Colors similar to the Peace rose. 24 inches. Early September.

ORANGE GLOW. Very distinct orange. Early blooming, 3 ft. tall. Reflex type bloom. NEW.

ROSEVERN. A shade lighter than Ruby. Much larger and brighter flower.

RUBY. Large ruby red flowers on a very shapely plant. Disbudding brings it to perfection. Early September.

TIP SHELF SHELL. Glowing flesh pink, golden reverse. NEW. 24 inches. Early September.

UNA. Our largest selling mum outside of cushions. Bright pink with silver reverse slightly incurved. Excellent plant. 30 inches. Early September.

VANGUARD. Deep crimson with the back of the petals in gold. 24 inches. Early September.

PERENNIALS

The Life of
Your Garden

GIANT EREMURUS

FONTAIL LILY

VERY SPECTACULAR AND RARE

ROBUSTUS. This is easily the finest of all the Fox Tail Lilies. Light rosy pink flowers on stems 6-8 ft. tall. About one-third of the stem is covered with small cup-like florets that sparkle in the sun. Likes good drainage and is easily grown. We only have mammoth, blooming size roots to offer. Shipped in the fall only. \$2.50 each.

EUPATORIUM (Hardy Ageratum)

Cannabium. Brilliant purplish pink. 2-3 ft. June and July.

EUPHORBIA (Milkwort)

Polychroma. A beautiful formal growing plant of 1 ft. height. Lemon yellow flowers in late spring.

FOX GLOVES (Digitalis)

Pastel shades mixed.

GAILLARDIA (Blanket Flower)

Giant Portola Hybrids. Reddish bronze to deep gold. 2 ft. All summer.

GEUM (Avens)

Mrs. Bradshaw. Large double flowers of a fiery orange-red that keep coming all summer.

Lady Stratheden. Same as above only rich golden yellow.

Prince of Orange. Orange.

All geums 50c each

GYPSOPHILA (Baby's Breath)

Bristol Fairy. Wonderful new double white. Large individual blossoms all summer. Highly prized for cutting. \$1.00 each.

Double Dutch. New pure white double. Taller growing than Bristol Fairy. \$1.00 each.

Flamingo. Double delicate pink. NEW. \$1.00 each.
Pacifica. Clear pink. Excellent for cutting. \$1.00 each.

HELENIUM (Helen's Flower)

Tall growing with excellent green foliage. Orange colored blooms that start in August and continue until frost. If you can't grow mums, try Helenium for fall color.

HEUCHERA (Coralbells)

Matin Bells. A lovely coral red and lovely for rock garden as all coralbells are.

Huntsman. Brilliant deep red. New. \$1.00 each.

Perry's White. Pure white. 24 inch. All summer.

HOLLYHOCK

Chater's Double. Double hollyhocks in mixed shades.

CHRISTMAS ROSE (Helleborus). This year we can again offer this most sought after plant. Very dwarf growing. Likes to be planted where it can get summer shade and winter sun. Evergreen. If you have the right location it will put forth large single white, bell-like flowers which last for weeks regardless of snow or cold. Blooms from late December till April. We offer only strong flowering plants. \$1.50 each.

HARDY FUSCHIA. Featured by Wayside Gardens, we have this fuschia in both red and white. Pendant flowers are produced by the hundreds all summer whether they are in full sun or shade. While we have found it quite hardy, we would suggest some winter protection. \$1.00 each.

HIBISCUS (Mallow)

Avalon Hybrids. A beautiful strain of the giant Mallow. Mixed colors only.

INCARVILLEA (Trumpet-Flower)

Delavayi. Rose-pink flowers produced in large trusses on stiff 18 in. stems.

LAVENDULA (Sweet Lavender)

Vera. True Sweet Lavender. 12-18 in. July. Dry and use in bureau drawers for their sweet fragrance.

LINARIA

Ken. Ivy Pink. Low growing, pink flowers.

LINUM (perennial Flax)

Heavenly Blue. Luminous ultramarine blue. Finest of all varieties. 12-18 inches. All summer.

LIATRIS (Blazing Star or Gay Feather)

Kobold. Heavy pink spikes. Very attractive. 12-18 inches. Sept.. \$1.00 each.

Scariosa Alba. White.

Scariosa Purple.

White Spires.

LUPINE

Russell Lupines. This is an improved variety that produces spikes 3 to 4 ft. tall. Available only in mixed colors. Ask anybody who saw our lupines when they were in bloom this year. Colors you never dreamed could be.

LYTHRUM (Purple Loosestrife)

Morden's Pink. Rose-pink spikes on tall, straight stems.

Morden's Purple. Purple form of above.

The Beacon. Deep, carmine red.

Robert. Red, compact habit. New. \$1.00 each.

LYCHNIS (Catchfly)

Rubra Plena. Dark double red.

Phlox

BRILLIANT BACKBONE OF THE BORDER *Keeps Your Garden Vividly Ablaze All Summer*

Antoinette Six. Pure white with unusually large heads.
Blue Boy. Very free flowering blue; outstanding color.
B. Comte. Rich satiny amaranth. Charming when planted with any yellow colored plant.
Camillo Schneider. A beautiful orange scarlet.
Charles Curtis. Beautiful sunset red that is hardly describable. Plant this with Appollo for a very good effect.
Daily Sketch. Large trusses of lustrous pink with crimson eye. Very popular and outstanding.
Graf Zeppelin. Ivory white with a red eye. Very free flowering.
July Glow. Soft light red, red eye.
Leo Schlageter. Brilliant scarlet with a decided orange cast to the blooms. Early.
Painted Lady. An appealing peach color with a cameo-like blush. Very appealing.
Polka Dot. Pinkish tinge with fuschia-colored eye.
Rembrandt. Pure white of enormous size.
Rynstrom. Very large deep pink.
San Antonio. Dark blood red.
Spitfire. Huge salmon red. One of the best.
Starlight. Purplish violet, very rich; well defined white eye. Try Starlight with any white variety for effect.
Prices on above phlox, 75c each; 3 for \$2.00.

Cambridge Scarlet. Brilliant red. 2-3 ft. July-August.

Sunset. Deep purplish red. 2-3 ft. July-August.

OENOTHERA (Evening Primrose)

Missouriensis. Large deep yellow flowers. 1 ft. June-August.

PANSIES

Mixed Maple-Leaf and Steele's Strain. We have 75,000 plants for the spring of 1954. Our pansies have long been noted for their brilliant colorings and giant size. Every Sunday from early April till June, we have scores of people who bring their own container and trowel so that they may dig their plants to assure them of the colors they want. If you live in Spokane or vicinity, why not drive out to our nurseries at E. 2929 29th Ave. and dig your own for only 75c per dozen. If you are unable to visit our nursery, we shall be glad to pick them out for you at only \$1.25 per dozen.

NEW!**NEW!**

OUTSTANDING NEW PHLOX

Brigadier. A new brilliant orange-red color that stops the eye at a glance. Very fragrant.

Elizabeth Arden. A very large flowering pastel pink.

Prince George. One of the finest new scarlet phlox that we know. Outstanding.

Sir. John Falstaff. Deep salmon pink. This phlox has the largest trusses of any phlox we know.

Dainty balloon-like flowers that keep coming all summer.

Blue. Pink. White.

PENSTEMON (Beard's Tongue)

Blue Boy. Brilliant blue. 1-2 ft. June.

Rosea. Bright pink. 1 ft. June.

NEW!**NEW!**

GIANT RUBY. (Patented.) We do not know of any other flower that will give you the all summer bloom that Giant Ruby will. Trumpet-like red flowers. Sturdy, bushy plant. If you don't plant it this spring, stop into the nursery this summer. We will be glad to show it to you. \$1.00 each.

Plant Perennials for Permanency

PEROVSKIA (Russian Sage)

Atriplicifolia. A most unusual plant that you will not find in everybody's garden. About 3 ft. Gray foliage with long whorls of silvery blue flowers. \$1.00 each.

POTENTILLA (Cinquefoil)

10 in. clumps of strawberry-like foliage freely studded with bright yellow single blooms from June to August. New. \$1.00 each.

POTERIUM (Burnet or Bottlebrush)

Obtusum. Graceful foliage. Finest pink. 18 inches. July-Sept.

PRIMULA • Primrose

PRIMULA (Hardy Primroses)

Primulas in their varied forms and colors are among the earliest of spring flowers. They are ideal for shady spots in the rock-garden or in the shade of evergreens, trees, and shrubs. They like a rich loam with a liberal quantity of peat moss or leaf mold and need plenty of moisture from April right on through the summer and fall seasons.

Mixed colors 40c each
Blue shades 50c each

Virginica Vivid. Very deep pink flower, heavy bloomer.

RUDBECKIA (Coneflower)

Golden Globe. Double yellow. Very solid and perfectly round. 4-5 ft. July and August.

Purpurea. Reddish purple. 3 ft. All summer.

Goldsturm. Yellow with black center. Black-eyed Susan.

STATICE (Sea Lavender)

Violetta. Immense heads of purplish blue about 2 ft. across. Not unlike Baby Breath. July and August

SCABIOSA (Blue Bonnet)

Caucasia. Soft lavender. Blooms all summer. Excellent for cutting.

Caucasia Alba. White form of above.

Alpina. New dwarf scabiosa growing about 6 inches tall. Fine for rockery and cutting.

SEDUM

Purple Beauty. Very free flowering, with large umbels of beautiful deep red. New. \$1.00 each.

Brilliant. Red but taller than Purple Beauty.

Dragon's Blood. Reddish bronze foliage. Dark carmine flowers.

SHASTA DAISY

Esther Read. Most popular of all double Shasta Daisy.

Mt. Shasta. Wayside Garden feature. They have discarded Esther Read in favor of this variety.

THALICTRUM

Aquilegialifolium. Spikes of rosy purple not unlike baby breath.

TRITOMA (Red Hot Poker)

Glow. Bright coral blooms. Outstanding in arrangements with pink baby breath.

Primrose Beauty. Cool primrose yellow.

Royal Standard. Bright crimson with gold base.

White Giant. Ivory white.

Price all Tritomas, \$1.00 each.

TROLLIUS (Globe Flower)

Desirable free-flowering plants, producing their giant orange-yellow, Buttercup-like blossoms on stems 1 to 2 ft. high from May until frost. Very nice border plant and does especially well in moist locations. \$1.00 each.

All prices listed in this catalog are subject to change without notice. Washington residents please add 3% sales tax. If you order by mail, please read the special instructions on page 3.

VERONICA (Speedwell)

Growing 2 ft. high, its lovely deep blue spikes show up well in the hardy border. The foliage is clean and bushy. Blooms throughout the early summer.

Crater Lake Blue. Light blue. Early summer. 2 ft.

Blue Peter. Very deep blue. Early summer. 20 in.

VIOLET

Admiration. Dark blue.

Arkwright Ruby. Bright ruby crimson, almost mahogany. Very velvety and fragrant.

Chantreyland. Rich apricot, tinted orange.

TEUCRIUM—GERMANDER

CHAMAEDRYS. Compact bushes with small, spiny, dark green leaves surmounted by spikes of lavender-pink. Practically evergreen, it may be clipped into a dwarf formal hedge or used as a ground cover. Never grows over 1 ft. in height. Blooms in the summer. 75c each.

HARDY FERNS

If you have a shady moist spot where nothing will succeed, why not plant ferns. They are hardy, good-looking and don't require any care.

INTERRUPTED. Found in rather dry shaded places.
Does well under cultivation and in boxes. 3 ft.

MAIDEN HAIR. Most attractive of our native ferns.
Black stems with delicate green fronds. Likes moist spots. 2 ft.

OSTRICH PLUME. Very graceful with finely cut pinnules. 2-3 ft.

Price on all ferns listed, 75c each.

BE WISE..... PLANT

Stanek's FRUIT TREES

APPLES AND CRABS

- ✓ **Jonathan.** Long-keeping, red, very productive. Winter.
- McIntosh. Bright red, smooth. Early Winter.
- Northern Spy. Greenish yellow with red stripe. Fall.
- Red Gravenstein.** Considered the best red fall apple.
- Red Delicious.** Good pollinator. An improvement on the older type Delicious. Good eating. Winter.
- ✓ **Red June.** Red. Medium size. June and July.
- Red Rome.** Darker than Rome Beauty. A good baking apple. Winter.
- ✓ **Staymen Winesap.** Red, large, juicy, crisp. Winter.
- ✓ **Transcendent.** Brownish yellow with red blush. CRAB-APPLE.

APRICOTS

- ✓ **Moorpark.** The largest of the apricots. Good color of brownish-red. Pleasant sweet flavor. The most popular and widely planted.
- ✓ **Tilton.** Fruit of true apricot color. Bears heavy and good canner.

PLUMS AND PRUNES

- Green Gage.** Medium round, skin tender, yellowish green flesh.
- Howard's Miracle.** NEW. An epoch in the advance of new fruits. Very thin skin. Nectar-like flavor, yellow flesh and very small pit. 2 yr. select trees, \$3.00.
- Italian Prune.** Medium to large size, oval shaped. Dark purple in color. Excellent canner and the most popular of all prunes.
- Peach Plum.** Earliest ripener. Skin red dotted with blue. Flesh greenish yellow tinged with red when real ripe. One of the leading market varieties.
- Santa Rosa.** Large, purplish crimson. The flesh is yellow, of excellent quality. Fine for all purposes. Early July.

PEACHES

- Early Elberta.** Improved Elberta, large yellow, red cheek, juicy, tender yellow flesh. Good canner. Freestone.
- Golden Jubilee.** A new large early peach that is highly recommended by everyone growing it. Late July. Freestone.
- J. H. Hale.** Fruit is of the largest size. Very firm. Flavor is unexcelled. Good keeper and canner for wide mouth jars. Freestone.
- Rochester.** Somewhat like Crawford only earlier. Bears earlier than most varieties. Freestone.
- Slappy.** Some ladies tell us that they wouldn't can any other peach except Slappy. Very hardy, early yellow, with a flavor like no other peach. Freestone.

FRUIT TREE PRICES

On this page (except as noted)

2 yr. old \$2.75; 3 yr. old \$3.50

CHERRIES

- Bing.** Black, sweet, well flavored. Pollenizer required.
- Black Republican.** Black, firm, good canner. Excellent pollenizer.
- Black Tartarian.** Black, sweet and juicy. Excellent pollenizer.
- Lambert.** Black, sweet, a little later than Bing. Pollenizer required.
- Royal Ann.** Large, red and yellow. Good canner and for eating. Pollenizer required.
- Montmorency.** The best of all pie cherries. Large semi-sweet and most widely planted. No pollenizer required.

PEARS

- Bartlett.** A well known favorite for both eating and canning. We think this is the best pear and you will agree after biting into the juicy, well-flavored flesh.
- ✓ **Red Bartlett.** NEW. Red skin Bartlett that is much sweeter than the regular Bartlett. \$3.00 each.

COMBINATION FRUIT TREES

(Not Dwarf)

Delicious fruits for all seasons on ONE TREE. Our famous "Made-to-Order" Tree, so fine for the planter with little space—one tree producing leading varieties for each season, from early season and lasting well into fall. We are offering apples, pears and cherries in the following combinations:

**NOW FOR THE
FIRST TIME
DWARF
COMBINATION
APPLES**

Three popular varieties of fall apples, Gravenstein, Red Delicious and Golden Delicious, all on the same dwarf tree. Just think—a whole orchard on one small tree that won't grow over 12 feet tall and you can keep it trimmed down to 6 or 8 feet tall.

No. 1 trees \$6.00 each

ASPARAGUS

PARADISE. A new variety that is superior to the Mary Washington. Widely heralded as an unusually heavy producer. Most satisfactory for the small yard. 3 yr. No. 1 roots, 10 for 75c; 25 for \$1.50; \$4.00 per 100.

CURRANTS

CHERRY. The largest of all red currants. The berries are often to one-half inch in diameter in short bunches.

2 yr. No. 1 Select, 50c each; 3 yr. select, \$1.00.

GOOSEBERRIES

PIXWELL. It "picks well" as the big luscious berries hang well away from the thorns. 2 yr. No. 1, 75c each.

OREGON CHAMPION. Very free from mildew. Medium size berries of good flavor. Early ripening. 3 yr. No. 1 select. \$1.00 each.

THORNLESS BERRIES

THORNLESS BOYSENBERRY. An immense berry on vigorous thornless bushes. Bearing young for a period of two months during the summer, Boysenberry is a heavy producer.

THORNLESS YOUNGBERRY. The fruit is very large and juicy. The color is nearly black. Very few seeds and the vines are very hardy.

THORNLESS LOGANBERRY. This new thornless variety has proven far more productive than the old thorny type of Loganberry. A very fine berry.

THORNLESS NECTARBERRY. If you want something different, try the taste of this berry. They are much better fresh from your garden than when you buy them at the store.

Prices on all Thornless berries: 2 yr. No. 1 Transplants, 50c each; \$5.00 per dozen.

SMALL FRUITS

GRAPES

BLACK GRAPES

- Concord. The most widely planted grape and "backbone" of any vineyard. Berries large; bunches very compact.
- Freedonia. Improved Concord bearing at least two weeks earlier than Concord. Very hardy and heavy producer.
- Worden. Larger and blacker than Concord. Ripens very early. Good eating and jelly making.

RED GRAPES

- Caco. A new red grape of good merit. Wine red, good grower and hardy. Excellent for table. Our own favorite.
- Agawam. Large bunches of red, tender juicy grapes. Good table and juice quality.

WHITE GRAPES

- Golden Muscat. The choicest golden amber grape for your table. Large oblong fruit in large compact bunches. The finest of all white grapes and perfectly hardy.
- Portland. Sometimes called the "White Concord". Same characteristics as Concord only with white skin.

Prices on all grapes, 2 year No. 1, Select Plants, 75c ea.

STRAWBERRIES

- ROCKHILL NO. 26. This is a runnerless variety, seldom making runners. Producing a full crop of large red berries with a delicious flavor the same year as planted. It has become one of the most popular strawberries. It makes large crowns and being practically runnerless, is propagated by divisions. Everbearing. No. 1 plants, \$1.50 per dozen; 50 for \$5.50; \$10.00 per hundred.

- STREAMLINER. Leading growers declare that this is the best everbearing strawberry grown. Most highly desirable for canning and quick freezing. Very prolific bearer the whole season through. \$1.00 per doz.; 50 for \$3.50; \$5.00 per 100.

New Red Rich Strawberry The Amazing Wonder Berry

NEW!

BLACKBERRIES

The EBONY KING is a new blackberry that has been under test for the past 12 years. Berries are exceptionally large, of the Eldorado type. They are very sweet and have that real wild blackberry flavor. Ripens earlier than most blackberries. No blank or sterile plants that fail to produce. Has withstood temperatures down to 30 below zero. Bushes are upright and very strong, being able to hold the heavy yield and still put them up where you can pick them easy. We are offering only the largest size transplants for this first year. As the plants become more plentiful, we will have rooted cuttings to offer. Prices: Transplants, No. 1, 75c each; 3 for \$2.00.

RASPBERRIES

CUMBERLAND (Black Cap). Berries blackish in color. Large firm and most excellent flavor. Very popular.

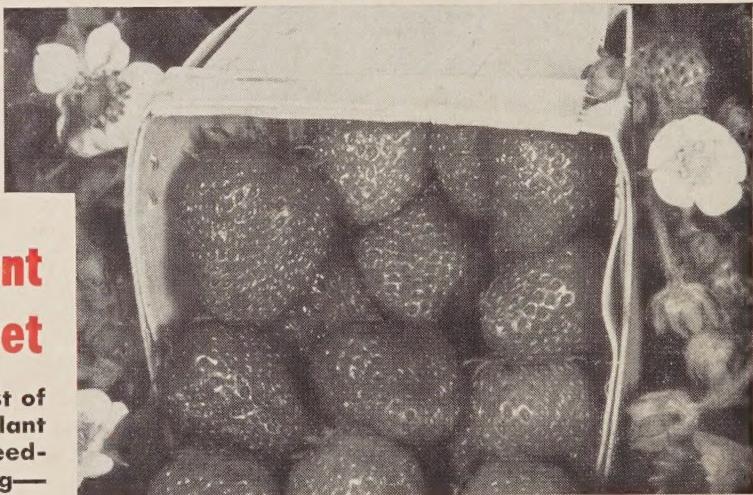

NEW WASHINGTON. New. The finest red raspberry. Its berries are large and firm. Good yielder. The best one-crop for the small yard garden.

INDIAN SUMMER. Large medium red berries that keep coming all summer. For enough fruit for the entire family, plant twice as many of this variety as New Washington. Being everbearing, it does not yield as heavy at one time as a one crop raspberry.

Prices on Raspberries. Transplants, 20c each; \$2.00 per dozen.

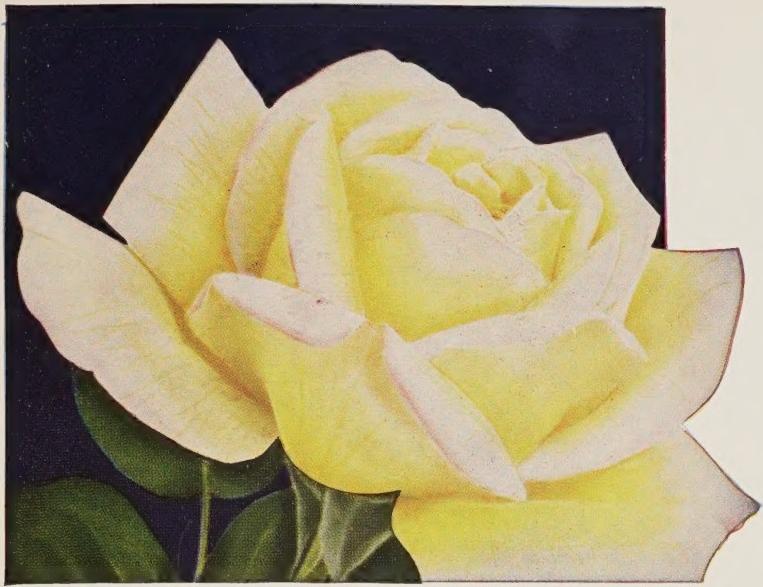

RHUBARB

CANADA RED. The finest darkest red rhubarb of all, the stems are dark red clear to the heart and up into the leaf. Makes very beautiful and tempting sauce. Flavor—second to none. You only buy it once in a lifetime, why fool with second rate varieties. No. 1 divisions, \$1.00 each.
